TROPICO MAN GETS BIG CONTRACT

Peter Ferry, our rustling road builder, was the successful bidder on a big Los Angeles contract recently. It is a $156,093.00 job and is a four-mile stretch of road running from Lomita to Wilmington and San Pedro. He moved his big outfit down yesterday.

GLENDALE GOVERNMENT IN THE MAKING

City Trustees Adopt New Ordinance for City Government

The Glendale City Trustees have recently adopted two new ordinances which are now in full force, for the purpose of carrying on the city government, naming its different officials and fixing their duties and compensation.

The ordinances make about seven columns of usual newspaper length, but we will endeavor to quote enough from them that our readers may understand the main points.

Five departments are created: General Government, Public Welfare, Public Safety, Public Works and Public Service.

The officers are the same as at present, a Board of Trustees, City Clerk and City Treasurer, elective; then City Manager, City Attorney and City Recorder, appointive, by the Board of Trustees. Then the heads and members of the different departments, named by the City Manager and confirmed by the Board of Trustees.

The City Manager is made the "whole works," nearly, but with the string attached that his actions and recommendations are "subject to the final approval or control of the Board of Trustees."

Where the Money Goes

The second ordinance fixes the salaries, which mainly are as follows, the amounts being monthly salaries:

City Manager $250
City Attorney 125
(But when he has any cases in court in which the city is interested, he will get extra compensation.)
City Recorder 100

PROCEEDINGS OF BOARD OF TRUSTEES

The regular meeting of the Board of Trustees was held August 7, 1919. The Board assembled at 8:05 p. m. Present, Trustees Henry, Jackson, Shaw, Muhleman; absent, Woodberry.

Minutes of the regular meeting of July 31 and of the adjourned meeting of August 2, 1919, were read and approved.

Applications

An application was presented from E. L. Osborne for permission to do street work by private contract, consisting of the construction of a cement sidewalk on the east line of lots 18 and 19, on Columbus Avenue, between Broadway and Wilson. The application was approved by the City Manager, in the absence of the City Engineer, and on motion of Trustee Henry was granted.

Petition for Improvement of Oak St.

A petition was presented from Frederic A. Clark and thirty-four other residents and property owners on West Oak Street, asking for the improvement of that portion of said street lying west of Central Avenue. On motion of Trustee Shaw, it was ordered that action on the same be postponed until such time as a new water pipe main can be laid on that street; the City Manager to inform the petitioners of the action of the Board and the reasons therefor.

Petition from Residents of Sycamore Canyon.

A petition was presented, signed by Charles Olson and other residents of the city of Glendale, who had been obtaining their domestic water supply from the Sycamore Canyon Water Co., stating that it is not now possible to obtain water from said company, and asking that the city supply the same to them and a few other water users in the same vicinity. On motion of Trustee Henry, the petition was referred to the City Manager.

Disposition of Sewage in Business District

A communication was read from the City Manager in reference to the matter of the disposition of sewage in the business district of the city. He called attention to the fact that about three years ago a plan had been worked out in detail and submitted to the property owners in the business district, for constructing a septic tank in the alley west of Brand Boulevard north of Harvard Street. He stated the plan seemed quite feasible at the time and he is still convinced of its practicability. The communication that a consulting sanitary engineer be employed by the city to assist the City Engineer in working out a plan along the line suggested for the disposal of sewage in the business district; and also in this connection to secure from the said engineer a general report on the best method of sewage disposal for the entire city. On motion of Trustee Shaw, the City Manager was instructed to investigate and report the cost of securing the services of a consulting engineer, as recommended by him.

Reports

Reports were presented and ordered to be filed from the City Treasurer and from the Building Inspector.

City Clerk

The City Clerk stated that he had filed, with other applications, the application of Horace P. Hill for refund of taxes on property in West Glendale which has been assessed both by the city and the county.

The clerk reported that a title company was making inquiries as to the cost of redeeming lots 6, 7 and 14, in the Max Muir Tract, which had been sold for delinquent taxes and a deed issued to the city. On motion of Trustee Shaw, the matter was referred to the City Manager and the City Attorney.

City Manager

The City Manager reported that he had placed the budget for the fiscal year beginning July 1, 1919, in the hands of the Finance Committee.

He brought before the Board the matter of the request presented to the Board some weeks ago by Mr. Anderson, for permission to remove certain pepper trees in front of his property at the corner of Los Feliz Road and San Fernando Road. On motion of Trustee Jackson, permission to remove the trees was granted.

Result of Treatment of Water Supply

The City Manager reported that the treatment applied to the pipes of the water system appears to have been perfectly successful, as no further complaints have been received from consumers as to quality of the water.

Budget Accepted

On motion of Trustee Henry, it was ordered that the budget submitted by the City Manager for the fiscal year beginning July 1, 1919, be approved and adopted.

At 9 p. m. Trustee Henry was excused and left the meeting.

City Attorney

The City Attorney made a report on the matter of taxes referred to him some weeks ago, covering the manner in which the same should be handled in the accounts of the city.

Report Regarding Telephone Rates

He reported in regard to telephone situation that as the public had been informed through the daily press, the wires had been turned over by the government to the private owners on August 1, 1919, and that the Railroad Commission had notified the telephone company to appear before that body on Sept. 2, 1919, and show cause, if any, why telephone rates in certain places, as established under the direction of Postmaster General Burleson, should not be reduced; the Burleson rates in the meantime to stand. Trustee Shaw offered the following resolution, which was on his motion adopted on roll call:

"That the City Attorney be instructed, as soon as the law will permit, to prepare and file with the Railroad Commission an application for the reduction of the rates of the Pacific Telephone and Telegraph Co. for local exchange service in Glendale and for long distance service to Los Angeles, to the rates in effect prior to the taking over of the telephone systems by the United States government, and to resist any efforts made before said commission by said company to maintain the present rates, in response to an order to show cause issued by the Railroad Commission."

On application of the City Treasurer, he was allowed a vacation of two weeks, beginning Aug. 11, 1919.

Permission was also granted the chairman of the Board to absent himself from the next two regular meetings.

Adjourned.

RED-HEADED GIRLS AT VENICE

On Sunday, August 17, Venice will stage her second Red Haired Girls' parade. It will be a day of universal sunshine, with the red-haired girl the guest of honor. There will be tall red heads, short red heads, medium red heads, plump and thin red heads and mostly all pretty red heads, that will, in gladsome array, parade down the Ocean Front walk. A great concourse of feminine red tops will be scintillating for the premier honors for the greatest of red haired contests ever held anywhere. Five hundred entries are expected and that they will represent every city and town in Southern California.

Some of last years' winners have entered the fray again, claiming that unless exceptionally different entries are in the contest they will take away the $250 offered as prizes for the event. Some of the winners who were not in the top division are entering in dispute to the premier winners of last year and claim that different judges will see their tresses as the most beautiful. A number of new entries who did not go in last year have been received and it looks as though it will be a spirited race with the judges the victims, for no matter how fair they will try to be, the girls with the Titian hair who do not win will have to be reckoned with. Fast motor cars will be at the rear of the judges' stand following the winning decisions.

Hair of every quality, as long as it has a reddish hue, allows the girl wearing it an entry into the contest. Just a line to the Event Department of the Abbott Kinney Company at Venice will bring a complete list of instructions and information as to the rules of the contest.

The Pacific Electric railway will supply ample transportation from all points for the parade.

AT THE PALACE GRAND

A program of more than passing interest will be presented at the Palace Grand tonight, Saturday, August 9). Stewart Edward White's most famous novel, "The Westerners," will be shown at the regular admission prices. This story abounds in romance, thrills and adventure, melodrama and lots of comedy scenes. It is a story you will talk about and remember. It requires seven reels (7000 feet of film) to present this wonderful tale, and every minute of the story is mighty interesting. Bray Cartoons and Pictographs will also be shown. Children's and adults' matinee at 2:30. Two evening shows, 7:00 and 9:00. Box office open 6:30.

Sunday, August 10, a truly delightful human picture, entitled "Red Head," is coming. This is a screen hit featuring Alice Brady in her best picture. She didn't mind being teased by her friends about her Titian curls, but when her husband insulted her because she had red hair it was a different matter. See "Red Head;" you will like it. Also a great two-reel stunt comedy, "His Home, Sweet Home." Matinee at 2:30. Two evening shows—7 and 9.

Katherine MacDonald and Louis Bennison will appear Monday, August 11, in "Speedy Meade." This is a mile-a-minute story of the man they couldn't lick, a fast western comedy romance. It is a Betzwood production, and is released through Goldwn. The Latest Gaumont News and Outing Chester pictures complete the bill. Two evening shows—7:15 and 9; matinee at 2:30.

Another sensation is promised for Tuesday, August 12, when Lila Lee and Elliott Dexter appear in "A Daughter of the Wolf." This is a story of thrilling experiences in the snow-clad mountains of the high Sierras. There will also be presented a Harold Lloyd Comedy, "I'm on My Way," and Bruce Wonder Mountain pictures. The usual matinee at 2:30; evening performances at 7:15 and 9.

Mix fans are numerous in Glendale, and they will get a treat Wednesday, August 13, when Tom Mix appears in "The Wilderness Trail." The story is from the novel by Frank Williams and presents the daredevil of the screen, who never fakes his stunts, in a marvelous melodrama of excitement. On the same bill are a Pathe News, "The World Before Your Eyes," and a Lyons-Moran Comedy, "Fun in a Flat.

For Thursday, August 14, there will be shown a double bill guaranteed to send you home smiling. James Whitcomb Riley's sweet picture, "Little Orphant Annie," will head the bill. Then will be presented a new edition of the great Charlie Chaplin comedy, "The Bank." Better get there early for this bill. The evening show starts at 7:15, the second one at 9.

Friday, August 15, Samuel Goldwyn will present Mabel Normand in "When Doctors Disagree." She took a correspondence course in Love, "How to Be Beautiful Though Homely." It's a story of downright humor. Also a two-reel comedy, "All Jazzed Up," and Burton Holmes travel pictures.

The west is played up strong at the Palace Grand, for on Saturday, August 16, Dorothy Gish will appear in "Nugget Nell," a farce of the Wild West. It is presented with the usual Griffith perfection as to detail. There will also be a two-reel Mack Sennett Stunt Comedy, "Hearts and Flowers," and Bray Cartoons and Pictographs.

Eyes Had to Be Blue.

Blue-eyed babies always claim a preponderance of admirers. The fact has just again been emphasized—this time at Hampstead, England. It was announced in the press that the town officials had a "bonny blue-eyed baby" for adoption, and straightway 350 would-be adopters wrote to secure it. Unfortunately it was found that the infant's eyes had been wrongly described. The eyes were not blue, after all, and when they heard of this some of the ladies withdrew their offers.

THE CHEERFUL CHERUB

I've swatted flies with zeal this year —
Today one looked me in the face
And made me feel so guilty 'cause,
I'm simply wiping out its race.
